

eCARE SCHOOL BEHAVIORAL HEALTH

GOAL: To connect families and youth to organizations such as Avel eCARE that provide behavioral health services via live video conferencing during the school day, increase access to behavioral health services, and build collaborative relationships between school and behavioral health staff to assist student needs.

SCOPE OF SERVICE

- Anxiety, depression, trauma, Post-Traumatic Stress Disorder (dependent on severity), ADHD, grief, problems at home
- Teaching emotional, coping, problem solving, and social skills
- Teacher and parent education
- Students in Grade 5-12
- Scheduled outpatient therapy visits only

SCHOOL RESPONSIBILITIES

- Execute contract with Avel eCARE for School Nurse and Behavioral Health Services
- Designate an individual as primary contact for Behavioral Health services
- Designate a private location for service delivery
- Provide secure storage of student records
- Develop a safety plan and policy for students that present with suicidal/homicidal thoughts
- Initiate communication with parents

PRICING

- \$80 per visit + \$1,000 per year access fee (prorated). There is no identified need for additional equipment if Avel School Nurse service is already provided. Technology and Implementation fee would apply if there was a need for additional equipment. Formal staff training may be an additional charge if travel is required.

HOW SERVICES

WILL BE PROVIDED

- School will identify students for services and obtain completed Contact packet from parents
- School notifies nurse and scans/faxes consent
- Initial contact and meeting is set up by therapist and school notified
- Intake screening will be completed with therapist, student, and parents via telemedicine equipment.
- Therapist will develop a treatment plan or refers student to another qualified provider if long term therapy needed.
- Sessions will be scheduled by therapist with school counselor/school designee
- School counselor/school designee will need to be available to intervene if student needs onsite assistance
- After session is complete, the therapist will document encounter, and will securely email/fax record to school counselor for secure storage.

WHO PROVIDES

THERAPY?

- Licensed Masters Social Worker
