CLICK TO REGISTER

Teaching ND Standards with NDSBL resources provide support for students to graduate choice-ready with the knowledge, skills, and disposition to be successful. **This training provides an overview of SBTL considerations for schools to get started!**

60 mins

Guaranteed & Viable Curriculum

CLICK TO REGISTER

Schools with an established guaranteed & viable curriculum provide clarity of content for educator teaching and student learning. **This training provides foundational knowledge to support schools in determining a guaranteed & viable curriculum.**

60 mins

Proficiency Scales Use

CLICK TO REGISTER

District approved resources support teachers in providing instruction and learning opportunities for students as they learn and grow on the proficiency scale. **This training provides teachers with key components for scales use implementation.**

60 mins

Scales Aligned Assessment

CLICK TO REGISTER

Following standards core instruction, a scales aligned assessment provides summative evidence of student performance on the proficiency scale. **This training provides foundational knowledge to plan and administer scales aligned assessments.**

60 mins

Standards Reporting

CLICK TO REGISTER

Standards reporting begins with established grading beliefs and practices with clear stakeholder communications. Evidence of student performance for the purposes of reporting requires clear expectations. **This training supports improving current grading practices with a clear focus on student evidence of knowing.**
