

# CENTRAL REGIONAL STANDARDS-BASED TEACHING & LEARNING EVALUATING CURRICULAR RESOURCES

# Standards Alignment

Teach using quality standards-aligned resources with confidence!

Aligning curricular resources with the North Dakota Standards helps educators and school teams implement high-quality instructional materials. This session supports examining curricular resources for alignment with the ND Standards—an essential step for strong classroom instruction and student success.

## MATH

Analyze Math curricular resources for alignment to ND Standards, ensuring strong support for student learning and success in every classroom.
